Dear Mr. Breitenbach,

After reading the summary of the CALFED plan on <http://www.friendsoftheriver.org>, I would like to urge you to adopt a plan for CALFED that:

- ☐ Emphasizes maximizing water conservation and efficient water use for agriculture, industry and private use,
- ☐ Avoids building new dams, removes barrier dams, and does not rely on proposed dam raises,
- ☐ Acquires and restores habitat for fish and wildlife, and
- ☐ Improves water quality by enforcing pollution limits.

Thank you very much for considering my comments.

Sincerely,

Gabriele Cressman-Hirl
